This directory was compiled from information and photographs submitted by AASCU spouses and partners. All those who submitted electronically or returned a Spouse/Partner Information Form were included in the directory, although they may have chosen not to submit a photograph. Photographs submitted by spouses and partners appear in a separate listing at the back of the directory.

If you do not appear in this issue and wish to be included in the online directory, which will be distributed quarterly or you have changes to your listing, contact Danita Young at youngd@aascu.org.
The Spouse/Partner Planning Committee is the pivotal steering body of the AASCU Spouse/Partner Program. Through its diverse make-up, the Committee provides the “thought leadership” for initiatives and topical programming and advises AASCU on the needs, wishes and expertise of spouses/partners. Members of the committee (including the chair and chair-elect) are proposed in slate form by the Spouse/Partner Nominating Committee and then ratified by all AASCU spouses/partners. Members each serve two-year terms, with one-third rotating off the committee each year. The Liaison to the Spouse/Partner Program and the Planning and Outreach Coordinator both serve as ex-officio members of this group. The spouse/partner of the Chair of AASCU’s Board of Directors serves on the Planning Committee as an ex-officio member if he/she so chooses.

Delivering America’s Promise

AASCU’s more than 400 public college and university members are found throughout the United States, including Guam, Puerto Rico and the U.S. Virgin Islands. We range in size from 1,000 students to 44,000. We are found in the inner city, in suburbs, towns and cities, and in remote rural America. We include campuses with extensive offerings in law, medicine and doctoral education—as well as campuses offering associate degrees to complement baccalaureate studies. We are both residential and commuter, and offer on-line degrees as well. Yet common to virtually every member institution are three qualities that define its work and characterize our common commitments.

• We are institutions of access and opportunity. We believe that the American promise should be real for all Americans, and that belief shapes our commitment to access, affordability and educational opportunity, and in the process strengthens American democracy for all citizens.

• We are student-centered institutions. We place the student at the heart of our enterprise, enhancing the learning environment and student achievement not only through teaching and advising, but also through our research and public service activities.

• We are “stewards of place.” We engage faculty, staff and students with the communities and regions we serve—helping to advance public education, economic development and the quality of life for all with whom we live and who support our work. We affirm that America’s promise extends not only to those who come to the campus but to all our neighbors.

We believe that through this stewardship and through our commitments to access and opportunity and to our students, public colleges and universities effectively and accountably deliver America’s promise. In so doing we honor and fulfill the public trust.
